

RAVENSWOOD ROAD BRIDGE REPLACEMENT PROJECT IN DANIA BEACH

Project Overview

The Florida Department of Transportation awarded a \$4,789,933.18 million contract to Morrison-Cobalt JV to replace the Ravenswood Road Bridge over the Dania Cut-off Canal. Construction began November 30, 2015 and is expected to be completed by Fall 2017.

Marine Impact

Boaters using the Dania Cut-Off Canal at the Ravenswood Road Bridge will experience impacts due to construction of the new bridge and other elements. The project team is working with the U.S. Coast Guard to distribute information through the Local Notice to Mariners and VHF-FM Channel 9. **All canal impacts are expected to occur Monday through Friday during the daytime hours, otherwise, notification will be provided.** The below information is subject change due to weather delays and other unforeseen conditions.

The above map is an illustration of the alternate route available to boaters during the intermittent closures of the Dania Cut-Off Canal at the Ravenswood Road Bridge. Please note, the alternate route has shallow water depth and narrow clearance. Please check before using the alternate route.

Project Timeline *This information is subject to change due to inclement weather or other unforeseen conditions.*

Spring 2016 - Summer 2017

- The bridge is closed continuously to vehicular and pedestrian traffic.
 - Motorists shall use the following detour: SW 42nd Street to SW 30th Avenue to Griffin Road.
 - Boaters can expect periodic, daily closures of the Dania Cut-Off Canal.

Summer 2017 - Fall 2017

- During these phases, the bridge is expected to be open to vehicular traffic. However periodic single lane closures may occur within the work zone . Flag crews will direct motorists through the work zone.
- Minimal canal impacts may be expected during this phase of construction.
