

A1A IMPROVEMENTS PROJECT FROM OAKLAND PARK BLVD TO FLAMINGO AVE IN FORT LAUDERDALE

Project Overview

The Florida Department of Transportation (FDOT) has awarded a \$9.3 million contract to Central Florida Equipment Rentals, Inc. for improvements along A1A from Oakland Park Boulevard to Flamingo Avenue in Fort Lauderdale. Construction will begin July 27, 2015 and will be completed by Summer 2017.

Project Improvements

- Removing old asphalt and resurfacing the roadway within the project limits
- Upgrading sidewalks and ramps to meet ADA requirements
- Repairing, adjusting, and replacing drainage structures throughout the project limits
- Upgrading the following existing intersections to mast arm signals: 34th Street, mid-block between 36th and 40th Street, and at 40th Street
- Upgrading all existing pedestrian signals to countdown timers
- Upgrading signs and pavement markings throughout the project limits, including adding a 1.5 foot striped buffer to separate the four foot wide bike lanes from the outside vehicle travel lane
- Upgrading existing lighting along the corridor, including adding elevated roadway lighting and lower level lighting to illuminate the sidewalk. The roadway lamps will have a variable intensity function that can be accessed remotely in order to cause minimal disruption to sea turtles during their nesting season.
- Adding a business access drive aisle along the east side of road between NE 34th and NE 36th Street.

Traffic Impact

- Two lanes of traffic in each direction of A1A will be maintained at all times.
- The existing 35 mph speed limit will remain in effect during construction.
- Single lane closures can be expected from 9:30 p.m. to 7:30 a.m.
- At signalized intersections, a lane may be closed for a period of two hours or less between 9 a.m. and 3 p.m.
- A sidewalk will be maintained on at least one side of the road within the project limits. Signage will be in place to guide pedestrians through the work zone.
- During construction, the right or outside lane in each direction will become a shared bicycle lane and will have temporary sharrow (share the road) pavement markings and signage.

Project Updates

The project team will be distributing periodic updates. If you would like to receive project updates by email, please email diglesias@corradino.com.
