Palm Beach County Traffic Report
March 18 through March 25, 2016

Palm Beach County – Palm Beach County traffic will be affected this week by ongoing construction projects and maintenance work, Florida Department of Transportation (FDOT) officials report. Weather permitting; closures will be in effect on I-95 and in other areas throughout Palm Beach County for construction activities.

For around-the-clock, real-time, I-95 traffic information, call 511. To view real-time video of I-95 in Palm Beach County, visit the Florida Department of Transportation’s Palm Beach SMART SunGuide Transportation Management Center (TMC) website at www.smartsunguide.com. FDOT and the SunGuide™ Partners provide these free services. For updated lane closure information, please refer to www.d4fdot.com. Follow us on Twitter at MyFDOT_SEFL.

I-95 Corridor Projects:

I-95 Interchange from Hillsboro Boulevard to SW 10th Street
Construction on this 1.5-mile project began Monday, January 26, 2015, in the City of Deerfield Beach. Work consists of widening southbound I-95 to add an auxiliary lane from the Hillsboro Boulevard entrance ramp to the SW 10th Street exit ramp, widening the existing southbound I-95 exit ramp to SW 10th Street, addition of a free flow right turn lane to westbound SW 10th Street, widening of westbound SW 10th Street to add an acceleration lane, utility relocation, milling and resurfacing, bridge widening, installation of barrier walls, curbs, sidewalks, guardrail, drainage, overhead signs, signing and pavement markings, signals, lighting, and retaining walls. This is the first of five interchange improvement projects throughout Broward and Palm Beach Counties. The combined project cost for all five projects is an estimated $32.5 million. Work is being performed by Community Asphalt Corp. and is expected to be completed summer 2017. For more information on this project, please contact Andrea Pacini, Public Information Officer, at 561-214-3358.

Restrictions: The outside lanes of I-95 southbound, between Hillsboro Boulevard and SW 10th Street, will be closed, nightly, with the first lane closing at 9 p.m., the second lane closing 10 p.m. and the third lane, if needed, closing 12:30 a.m., until 5 a.m., Sunday, March 20 through Friday morning, March 25. The southbound I-95 exit ramp to SW 10th Street will undergo a full closure, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. Traffic will be detoured via Hillsboro Boulevard. Two lanes of westbound SW 10th Street will be closed, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. The
north sidewalk on SW 10th Street, between SW 12th Avenue and SW Natura Boulevard, is closed completely through August 2016 for construction activities. Pedestrians will be detoured to the south sidewalk; signage is in place to assist. For more information, please contact Andrea Pacini, Public Information Officer, at 561-214-3358.

**I-95 Interchange at Spanish River Boulevard**

Construction on this **2.5-mile project** began **Monday, January 13, 2014**, in the City of Boca Raton. Work consists of constructing a new interchange at Spanish River Boulevard and I-95, widening Spanish River Boulevard west of FAU Boulevard, constructing 13 bridges between Spanish River Boulevard and Yamato Road, signalized intersection improvements and the addition of auxiliary lanes on Yamato Road, and sound wall construction along Yamato Road and on the east side of I-95 north of Yamato Road. The project costs an estimated **$69 million**. The work is being performed by **Astaldi Construction** and is expected to be completed **summer 2017**.

**Restrictions:**

**Mainline impacts:** I-95 northbound and southbound, between Glades Road and Congress Avenue, may have up to three lanes closed, as needed, nightly, with the first lane closing at 9 p.m., and the second lane and third lanes, if needed, closing 11 p.m. until 5 a.m., Sunday night through Friday morning. I-95 northbound and southbound, between Spanish River Boulevard and Yamato Road, has been shifted to the outside to allow for median construction.

**Spanish River Boulevard impacts:** Spanish River Boulevard, between Broken Sound Boulevard and Airport Road, will undergo a full closure, nightly, 10 p.m. until 6 a.m., Sunday night, March 20 through Wednesday morning, March 23. Traffic will be detoured via Dixie Highway and Broken Sound Boulevard. Westbound traffic will be shifted to the newly constructed bridge to allow for the demolition and reconstruction of the existing bridge beginning Sunday, March 20, weather permitting. Spanish River Boulevard will have the eastbound right turn lane onto FAU Boulevard closed, daily, 10:30 a.m. until 5 p.m., Monday, March 21 through Friday, March 25; vehicles can still access FAU Boulevard from the Spanish River Boulevard outside through lane.

**Airport Road impacts:** Airport Road, from the intersection of Spanish River Boulevard to just north of the Reliable Jet Maintenance driveway, will undergo a full closure, nightly, 9 p.m. until 6 a.m., Wednesday, March 23 and Thursday, March 24. Traffic will be detoured via Dixie Highway and Glades Road. Access to all businesses along Airport Road will be maintained from Glades Road.

**Yamato Road impacts:** Yamato Road, from the southbound I-95 entrance ramp from eastbound Yamato Road, to the northbound I-95 exit ramp to eastbound Yamato Road, will have one eastbound outside lane closed, daily, 9 a.m. until 3 p.m., Monday through Friday.

**Trail impacts:** The T-Rex Trail is closed through Fall 2016 to facilitate safe construction of the Spanish River Boulevard bridges over I-95. During this closure, pedestrian traffic will be detoured via Technology Way. For more information, please contact Andrea Pacini, Public Information Officer, at 561-214-3358.

**Advanced Notice:** The northbound I-95 exit ramp to westbound Yamato Road will be closed nightly, 10 p.m. until 5 a.m., Sunday, March 27 through Friday morning, April 1.
I-95 Interchange Improvements at Woolbright Road
Construction on this 0.354-mile project began Monday, January 25, 2016, in the City of Boynton Beach. Work consists of widening Woolbright Road from SW 18th Street to SW 2nd Street, including roadway approaches and bridges over I-95 and the railroad tracks to provide dual eastbound left turn lanes onto northbound I-95, widening the I-95 northbound entrance ramp to receive the newly constructed dual eastbound left turn lanes, reconstructing the southbound exit ramp to provide free-flow right turn onto westbound Woolbright Road, retrofitting the railings on the Woolbright Road bridges over I-95 and the railroad to meet current criteria, and milling and resurfacing the entire width of Woolbright Road, and along the I-95 ramps within project limits. Other improvements include utility relocation, bridge construction, installation of barrier walls, curbs, sidewalks, guardrail, drainage, overhead signs, signing and pavement markings, signals, lighting, and retaining walls. This is the fourth of five interchange improvement projects throughout Broward and Palm Beach Counties. The combined project cost for all five projects is an estimated $32.5 million. Work is being performed by Community Asphalt Corp. and is expected to be completed summer 2017. For more information, please contact Andrea Pacini, 561-214-3358.

Restrictions: Woolbright Road, from SW 8th Street to SW 2nd Street, will have one lane closed in each direction, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. For more information, please contact Andrea Pacini, 561-214-3358.

I-95 Interchange at Hypoluxo Road
Construction on this 0.5-mile project began Monday, June 22, 2015, in the Town of Lantana. Work consists of reconfiguring the existing Hypoluxo roadway approaches and bridges over I-95 and the CSX railroad tracks, constructing dual eastbound left turn lanes onto I-95, widening the existing southbound exit ramp to lengthen the turn lanes, retrofitting existing bridge railings to meet current criteria, utility relocation, and installation of barrier walls, curbs, sidewalks, drainage, overhead signs, signing and pavement markings, signals, lighting and retaining walls. This is the second of five interchange improvement projects throughout Broward and Palm Beach Counties. The combined project cost for all five projects is an estimated $32.5 million. Work is being performed by Community Asphalt Corp. and is expected to be completed summer 2017.

Restrictions: The outside lanes of I-95 southbound, between Lantana Road and Hypoluxo Road, will be closed, nightly, with the first lane closing at 9 p.m., the second lane closing 10 p.m. and the third lane, if needed, closing 12:30 a.m., until 5 a.m., Sunday, March 20 through Friday morning, March 25. The southbound I-95 exit ramp to Hypoluxo Road will undergo a full closure, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. Traffic will be detoured via Lantana Road. Hypoluxo Road, from Seacrest Boulevard to just west of the I-95 southbound exit ramp, will have two lanes closed in each direction, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. For more information, please contact Andrea Pacini, 561-214-3358.

I-95 Interchange Improvements at 10th Avenue North
Construction on this 0.579-mile project began Monday, November 2, 2015, in the City of Lake Worth. Work consists of widening 10th Avenue North, from Barnett Drive to “A” Street, including roadway approaches and bridges over I-95 and the railroad tracks to provide dual eastbound turn lanes onto I-95, widening the I-95 northbound entrance ramp to receive the newly constructed dual eastbound left turn lanes, and widening the existing three-lane I-95 southbound
exit ramp to four lanes to provide dual left and dual right turns. Other improvements include utility relocation, bridge construction, installation of barrier walls, curbs, sidewalks, guardrail, drainage, overhead signs, signing and pavement markings, signals, lighting, and retaining walls. This is the third of five interchange improvement projects throughout Broward and Palm Beach Counties. The combined project cost for all five projects is an estimated $32.5 million. Work is being performed by Community Asphalt Corp. and is expected to be completed summer 2017. For more information, please contact Andrea Pacini, 561-214-3358.

**Restrictions:** 10th Avenue North, from Barnett Drive to North A Street, will have two eastbound lanes closed, nightly, 9 p.m. until 5 a.m., Sunday, March 20 through Friday morning, March 25. The south sidewalk on 10th Avenue North, between Barnett Drive and North A Street, is closed completely through December 2016 for construction activities. Pedestrians will be detoured to the north sidewalk; signage is in place to assist. For more information, please contact Andrea Pacini, 561-214-3358.

**I-95 Interchange Improvements at Blue Heron Boulevard**

Construction on this 1.064-mile project began Monday, January 18, 2016, in the City of Riviera Beach. Work consists of widening the I-95 northbound exit ramp and the I-95 southbound exit to provide an additional left turn lane and new shoulders, lengthening several left turn lanes on Blue Heron Boulevard, from east of Military Trail to Garden Road, and milling and resurfacing the I-95 ramps and Blue Heron Boulevard. Other improvements include upgrades to the drainage structures, guardrail, signalization, signage, and pavement markings, and tree relocations, irrigation repairs, and median repairs. The project cost is an estimated $1.2 million. Work is being performed by Weekley Asphalt Paving, Inc. and is expected to be completed summer 2016.

**Restrictions:** Blue Heron Boulevard may have one lane closed in each direction, intermittently, 9 a.m. until 3 p.m., daily, and 7:30 p.m. until 7 a.m., nightly, Sunday night through Friday morning, through March 2016. The I-95 northbound and southbound exit ramps to Blue Heron Boulevard will have one lane closed, intermittently, 7:30 p.m. until 7 a.m., Sunday night through Friday morning, through March 2016.

**I-95 Interchange Improvements at Donald Ross Road**

Construction on this 0.555-mile project will begin Monday, April 4, 2016, in the Town of Jupiter. Work consists of widening the I-95 northbound exit ramp and the I-95 southbound exit to accommodate a triple right turn and a triple left turn to eastbound Donald Ross Road, modifying lanes on Donald Ross Road to provide a triple left turn onto the I-95 southbound entrance ramp, widening the southbound entrance ramp to I-95 to accommodate the triple left turn from Donald Ross Road, and removing old asphalt and resurfacing existing pavement. Other improvements include utility relocation, installation of barrier walls, curbs, sidewalks, guardrail, drainage, overhead signs, signing and pavement markings, signals, lighting, and retaining walls. This is the fifth of five interchange improvement projects throughout Broward and Palm Beach Counties. The combined project cost for all five projects is an estimated $32.5 million. Work is being performed by Community Asphalt Corp. and is expected to be completed summer 2017. For more information, please contact Andrea Pacini, 561-214-3358.

**Restrictions:** All lanes are open.

**Central Palm Beach County Projects:**
US 1 (State Road 5)/Quadrille Boulevard from Clematis Street to South Dixie Highway
Construction on this 0.444-mile project began Monday, November 2, 2015, in the City of West Palm Beach. Work includes milling and resurfacing the roadway, ADA upgrades, new vehicle detection systems, bus bay removal, buffered bike lanes, and signing and pavement markings. The project cost is an estimated $1.1 million. The work is being performed by J.W. Cheatham, LLC, and is expected to be completed late spring 2016.

**Restrictions:** One lane may be closed in each direction, 8 p.m. until 6 a.m., Monday night through Saturday morning, through March 2016.

**Flagler Memorial Bridge Replacement Project**
This 0.66-mile Design/Build project includes replacing the existing bascule (draw) bridge with a new bascule bridge connecting the Town of Palm Beach and the City of West Palm Beach over the Lake Worth Lagoon and the Intracoastal Waterway. The Flagler Drive overpass will be replaced with an “at-grade” intersection. New lighting, pedestrian features, traffic signals, drainage, and landscaping are also included. The Design/Build team for this project is PCL Civil Constructers and Hardesty & Hanover. New Millennium Engineering, Inc. provides Construction Engineering and Inspection services on behalf of FDOT. Active construction began on Sept. 10, 2012 and will last until spring 2017. The estimated construction cost is $100 million.

**Restriction:** Flagler Drive is closed in both directions from 4 Street to the Flagler Memorial Bridge around—the—clock until summer 2016 while workers reconstruct the road in this area. The following detours are in place:

**Drivers going north on Flagler Drive from south of 4 Street should:**
- Go west on Banyan Boulevard
- Go north on N. Dixie Highway
- Go east on Palm Beach Lakes Boulevard to Flagler Drive

**Drivers going south on Flagler Drive from north of the bridge should:**
- Go north/south on Flagler Drive to Palm Beach Lakes Boulevard
- Go west on Palm Beach Lakes Boulevard
- Go south on N. Dixie Highway
- Go east on Banyan Boulevard to Flagler Drive

**Drivers going west on Flagler Memorial Bridge should:**
- Go north on Flagler Drive to Palm Beach Lakes Boulevard
- Go west on Palm Beach Lakes Boulevard
- Go south on N. Dixie Highway
- Go east on Banyan Boulevard to Flagler Drive

Drivers who want to go east on the Flagler Memorial Bridge should access the bridge from N. Quadrille Boulevard.

**Restriction:** Beginning at 10 p.m. on Wednesday, March 23 the eastbound Flagler Memorial Bridge will be closed between Dixie Highway in West Palm Beach and Cocoanut Row/Bradley Place in Palm Beach for roadwork on the west side of the bridge. The bridge will reopen to eastbound traffic at 6 a.m. on Thursday, March 24. During this closure all eastbound traffic will
be detoured to the Royal Park Bridge to cross the Intracoastal Waterway. Westbound traffic will not be affected.

**Marine Restrictions:** Through Tuesday, March 22, the Flagler Memorial Bridge opening schedule will be temporarily modified in coordination with the Palm Beach International Boat Show. **Bridge openings will occur twice-per-hour at 15 minutes past the hour and 45 minutes past the hour.** Bridge openings will be restricted to 10 minutes from 9:15 a.m. to 3:15 p.m., Monday through Friday, and the current restrictions on bridge openings at 8:15 a.m. and 4:15 p.m. will remain in place. On Wednesday, March 23, the bridge opening schedule will go back to once-per-hour at 15 minutes after the hour. Bridge information is published in the Coast Guard Local Notice to Mariners at [www.navcen.uscg.gov](http://www.navcen.uscg.gov).

**Northern Palm Beach County Projects:**

**State Road 710/Beeline Highway “Phase C” from Australian Avenue to Old Dixie Highway**
This 0.819-mile widening project began Monday, January 4, 2016, in the City of Riviera Beach. Work includes widening the existing roadway from two (2) to four (4) lanes, adding four (4) foot bike lanes and sidewalks, adding a new frontage road for residences, installing median, curb & gutter, and a perimeter wall (in 2 locations), drainage improvements, water and sewer improvements (funded by the City of Riviera Beach), and upgrades to signing and pavement markings, signalization, and lighting. The work is being performed by JW Cheatham, LLC, and is expected to be completed **spring 2019.** The estimated construction cost is **$17.4 million.**

**Restrictions:** 7th Street may have temporary closures for underground utility work, 7 a.m. until 5 p.m., Monday through Friday, through April 2016. Motorists will be able to pass through the work zone during this time.

**State Road 809/Military Trail Lighting Project from Shiloh Drive to State Road 710 (Beeline Highway)**
This 3-mile lighting project began Monday, January 11, 2016, in the City of Riviera Beach. Work includes lighting improvements along Military Trail, which included installing conduit and performing utility relocations. The work is being performed by Carr Construction, and is expected to be completed **fall 2016.** The estimated construction cost is **$590,397.69.**

**Restrictions:** One outside lane may be closed in each direction, 9 a.m. until 3:30 p.m., Monday through Friday.

**PGA Boulevard, from State Road 710 to the C-18 Canal**
This 1.9-mile design-build project began Friday, June 19, 2015, in the City of Palm Beach Gardens. Work includes designing and raising the existing roadway to create a 2-lane undivided roadway, and construction of a new single span bridge, with new drainage and wildlife crossing. The work is being performed by Ranger Construction Industries, Inc., and is expected to be completed **fall 2016.** The estimated construction cost is **$9.47 million.**

**Restrictions:** One lane may be closed in each direction, 7 a.m. until 7 p.m., Monday through Friday. Flaggers will be on-site to direct traffic, as needed.

**State Road 710 from the Pratt Whitney Entrance to the Palm Beach/Martin County Line**
This 6-mile widening and resurfacing project began Monday, October 20, 2014, in the Town of Jupiter. Work includes design and construction of a four (4) lane divided roadway and median, installation of new traffic signal at the State Road 710/Indiantown Road intersection, and lighting, signage, and striping upgrades. The work is being performed by Ranger Construction Industries, Inc., and is expected to be completed fall 2016. The estimated construction cost is $21.9 million.

Restrictions: Indiantown Road, between State Road 710 (Beeline Highway) and Pratt Whitney Road, in Jupiter, is closed, around-the-clock, for intersection reconstruction. This closure is expected to last through March 2016, weather permitting. Eastbound Detour: Motorists traveling on State Road 710/Beeline Highway can detour via Pratt Whitney Road to access eastbound Indiantown Road. Westbound Detour: Motorists traveling westbound on Indiantown Road can detour via Pratt Whitney Road to access State Road 710/Beeline Highway.

Western Palm Beach County Projects:

State Road 80 (Belle Glade), from State Road 15 (US 441) to County Road 880
This 18-mile resurfacing project began Monday, July 28, 2014, in the City of Belle Glade. Work includes a 6-foot widening of the inside and outside shoulders, milling and resurfacing the existing roadway in various locations, installation of a Fog Detection Warning System, and signing, signalization, and guardrail improvements. The work is being performed by Ranger Construction Industries, Inc., and is expected to be completed spring 2016. The estimated construction cost is $20.6 million.

Restrictions: One lane may be closed in each direction, from State Road 15 (US 441) to County Road 880, Sunday night through Friday.

State Road 80 Bridge Rehabilitation, #930354 & #930355 just east of State Road 700
This 0.44-mile bridge rehabilitation project began Wednesday, July 29, 2015, in the Town of Loxahatchee. Work includes replacing the current bridge structure with reinforced concrete deck, Class V finish, and drainage installation along the length of the bridge. The work is being performed by Morrison-Cobalt JV, and is expected to be completed fall 2016. The estimated construction cost is $2.2 million.

Restrictions: Eastbound and westbound traffic has been placed on the newly constructed bridge on the south side, to allow for demolition and reconstruction of the bridge on the north side. One lane will open in each direction through June 2016.

State Road 812/Hooker Highway, from State Road 715 to State Road 15 (US 441)
This 1.006-mile improvement project began Tuesday, May 26, 2015, in the City of Belle Glade. Work included milling and resurfacing the roadway, shoulder widening, sidewalk installation on the south side, and guardrail, drainage, signage, and pavement marking improvements. The work was performed by Community Asphalt Corporation, and completed Friday, February 26, 2016. The estimated construction cost was $1.6 million.

Restrictions: This project was final accepted by the Florida Department of Transportation on Friday, February 26, 2016.

State Road 715, from State Road 717 to State Road 15 (US 441)
This 9.974-mile improvement project began Monday, January 25, 2016, in the City of Belle Glade and the City of Pahokee. Work includes milling and resurfacing the roadway, minor shoulder and roadway reconstruction, new sidewalk and guardrail installation, and signal, signage, and pavement marking improvements. The work is being performed by Community Asphalt Corporation, and is expected to be completed fall 2016. The estimated construction cost is $7.6 million.

**Restrictions:** All lanes are open.

### State Road 25/US 27 Intersection Improvements at State Road 80 in South Bay

This 0.368-mile improvement project will begin Monday, April 6, 2016, in the City of South Bay. Work includes widening, milling and resurfacing a merge lane after the State Road 80 westbound to State Road 25 northbound bypass, extending the median left turn lane length for the State Road 80 intersection, and curb and gutter, sidewalk, landscaping, signing, pavement marking, and intersection improvements. The work is being performed by Jones Benitez Corp, and is expected to be completed early summer 2016. The estimated construction cost is $593,860.

**Restrictions:** All lanes are open.

**Project Open House:** On Wednesday, Apr. 6, a project Open House will be held at the FDOT Project Office at 185 US Highway 27 South, South Bay, FL, 33493. Project staff will be on-hand to address inquiries; however, a formal presentation will not be made.

### Maintenance, Utility and Permit Closures:

**Restrictions:** Forest Hill Boulevard, from Jog Road to Lyons Road, in the City of West Palm Beach, may have the outside westbound lane closed, 9 a.m. until 3:30 p.m., Monday through Friday, through March 2016, for light pole removal and replacement.

**Restrictions:** Southern Boulevard, from Fairgrounds Road to Benoist Farms Road, in the City of West Palm Beach, may have two eastbound lanes closed, 9 a.m. until 3:30 p.m., Monday through Friday, through mid-April 2016, for light pole removal and replacement.

**Restrictions:** The eastbound outside lane of State Road 80/Southern Boulevard, at Benoist Farms Road, in West Palm Beach, is closed, around-the-clock, for a gas line replacement, through Monday, Apr. 4.

**Restrictions:** The CSX railroad crossing at Haverhill Road, at State Road 710/Beeline Highway, in West Palm Beach, will undergo a full closure, 7 a.m., Tuesday, Mar. 22, until 9 p.m. Wednesday, Mar. 23, for CSX repairs and upgrades. Motorists may detour via Dyer Boulevard to Military Trail to State Road 710/Beeline Highway. For more information, please contact Chad Fisher, Project Manager, at 864-809-4864.

**Restrictions:** The southbound outside lane of State Road 7, from south of Sandalfoot Boulevard to north of Twin Meadow Lakes Road, in Boca Raton, will be closed, 9 a.m. until 4 p.m., Monday, Mar. 21, through Friday, Friday, Mar. 25, for light pole repairs.
**Restrictions:** I-95 northbound, north of Belvedere Road, in the City of West Palm Beach, will have two inside lanes closed, 9 p.m. until 5 a.m., Monday, Mar. 21, for roadway repairs.

**Restrictions:** The PGA Boulevard Bridge, over the Intracoastal Waterway, in the City of Palm Beach Gardens, will have the westbound outside lane closed, 9 a.m. until 12 p.m., with the eastbound outside lane closed, 12 p.m. until 3 p.m., Monday, Mar. 21, for underdeck work.

**Restrictions:** The Lake Avenue Bridge, over the Intracoastal Waterway, in the City of Lake Worth, will have the eastbound outside lane closed, 9 a.m. until 12 p.m., with the westbound outside lane closed, 12 p.m. until 3 p.m., Tuesday, Mar. 22, for underdeck work.

**Restrictions:** The Lake Avenue Bridge, over the Intracoastal Waterway, in the City of Lake Worth, will have the eastbound outside lane closed, 9 a.m. until 3 p.m., Wednesday, Mar. 23, and Thursday, Mar. 24, for underdeck work.

**Restrictions:** Atlantic Avenue, at Venetian Drive and Gleason Street, in the City of Delray Beach, may have one outside lane closed in each direction, intermittently, 9 a.m. until 4:30 p.m., Monday through Friday, through March 2016, for mast arm installation activities.

**Restrictions:** Boynton Beach Boulevard, between Lyons Road and US 441, in Boynton Beach, may have one lane closed in each direction, 10 a.m. until 2 p.m., Monday through Friday, for overhead school zone flashing light installation at Somerset Academy.

**Restrictions:** Advanced notice: Boynton Beach Boulevard, at Knuth Road, in the City of Boynton Beach, will have two westbound lanes closed, 9 p.m. until 5 a.m., Monday night, Mar. 28, for paving repairs.

**Restrictions:** Atlantic Avenue, east of Stone Quarry Road, approaching Florida’s Turnpike in Delray Beach, may have one westbound lane closed, 9 a.m. until 4 p.m., Monday through Friday, through March 2016, for conduit and drilled shaft installation.

**Restrictions:** Atlantic Avenue, east of Lyons Road, approaching Florida’s Turnpike in Delray Beach, may have one eastbound lane closed, 9 a.m. until 4 p.m., Monday through Friday, through March 2016, for conduit and drilled shaft installation.

**Restrictions:** Atlantic Avenue, at Florida’s Turnpike in Delray Beach, may have one eastbound lane closed, 9 a.m. until 4 p.m., Monday through Friday, through March 2016, for conduit and drilled shaft installation.

**Restrictions:** The intersection of State Road 80, at Lamstein Lane, in the Village of Royal Palm Beach, may have one lane closed in each direction, 9 a.m. until 4 p.m., daily, Monday through Friday, for Advanced Transportation Control System installation activities. Sidewalks in this area may be temporarily closed to facilitate a safe work zone; pedestrian access will be maintained via a detour route. For more information about this project, please contact Ronda Rupert, Senior Project Engineer, at 305-970-3912.

**Restrictions:** State Road 80, just west of Avocado Avenue, in the City of West Palm Beach, may have one outside lane closed, westbound, 9 a.m. until 4 p.m., daily, Monday through Friday, for Advanced Transportation Control System installation activities. Sidewalks in this area may be temporarily closed to facilitate a safe work zone; pedestrian access will be maintained via a
detour route. For more information about this project, please contact **Ronda Rupert, Senior Project Engineer, at 305-970-3912.**

**Restrictions:** The intersection of State Road 80, at Kirk Road, in the City of West Palm Beach, may have one lane closed in each direction, 9 a.m. until 4 p.m., daily, Monday through Friday, for Advanced Transportation Control System installation activities. Sidewalks in this area may be temporarily closed to facilitate a safe work zone; pedestrian access will be maintained via a detour route. For more information about this project, please contact **Ronda Rupert, Senior Project Engineer, at 305-970-3912.**

**Restrictions:** I-95 northbound at 45th Street, in the City of West Palm Beach, may have the outside lane and shoulder closed, 9 a.m. until 4 p.m., daily, Monday through Friday, for Advanced Transportation Control System installation activities. For more information about this project, please contact **Ronda Rupert, Senior Project Engineer, at 305-970-3912.**

**Restrictions:** I-95 northbound at Blue Heron Boulevard, in the City of Riviera Beach, may have the outside lane and shoulder closed, 9 a.m. until 4 p.m., daily, Monday through Friday, for Advanced Transportation Control System installation activities. For more information about this project, please contact **Ronda Rupert, Senior Project Engineer, at 305-970-3912.**
