

## ORANGE AVENUE CONSTRUCTION

### Detour Begins Tuesday, March 7

**S**tarting Tuesday, March 7, 2017, work will begin to construct a westbound Orange Avenue to northbound U.S. 1 turn lane in the City of Ft. Pierce. The work at this intersection costs \$193,914.81, and is being done for safety improvements to increase the vehicle storage for westbound traffic.

In order to construct the turn lane, westbound Orange Avenue between U.S. 1 and Depot Drive will undergo an around-the-clock closure for approximately one month. Motorists should detour via 2nd Street to Avenue A or Citrus Avenue. To accommodate northbound traffic during this detour, North Depot Drive will be converted to a one-way road.

Detour Map

The sidewalk on the north side of Orange Avenue between U.S. 1 and Depot Drive will also be closed around-the-clock. Pedestrians will be detoured to the sidewalk on the south side of Orange Avenue at U.S. 1 and Depot Drive. While this work is ongoing, pedestrian and street access to businesses will be maintained at all times.
