construction projects in Palm
Beach County and the Treasure
Coast.

On Tuesday, May 2, 2017, the Florida Department of Transportation (FDOT) will host an informational Open House for the I-95 resurfacing project from south of Indiantown Road (State Road 706) in the Town of Jupiter to north of Bridge Road (County Road 708) in Martin County.

The Open House will be held from 4:00 PM until 6:00 PM at the Project Field Office, 860 Jupiter Park Drive, Suite 2, Jupiter, FL 33458. Project personnel will be on hand to discuss the scope of work, construction schedule, and address questions and comments one-on-one. No formal presentation will be made.

This 9.838-mile project is expected to begin May 9, 2017, and is anticipated to be completed by fall 2018, weather permitting. The cost for construction is \$17,184,516.93, and FDOT & The Corradino group will be overseeing the project. Community Asphalt Corporation is the contractor on this project.

Scope of Work:

- Resurfacing I-95 mainline from south of Indiantown Road (SR 706) to north of Bridge Road (CR 708) and I-95 interchange ramps at Indiantown Road (Exit 87) and Bridge Road (Exit 96)
- Minor shoulder and guardrail repairs
- Replacement of the southbound bridge approach slab at approximate mile marker 89.5

Maintenance of Traffic:

To do this work safely, it will be necessary to close travel lanes on I-95 at various times and locations. Work will be done in phases to minimize impacts to residents, businesses and the motoring public.

Project-related lane closures will occur Sunday through Thursday night from 9 p.m. until 6 a.m. During this time, at least one lane on I-95 will remain open in each direction. Nighttime full ramp closures will occur between 10 p.m. and 5 a.m. at Indiantown Road (Exit 87) for paving. Brief intermittent nighttime full ramp closures may occur at Bridge Road (Exit 96) for moving equipment. No more than one ramp will be closed at any time. Advance notice will be provided prior any full ramp closure.
