

Midway Road (County Road 712) Widening Project FM#: 231440-2-52-01

Full Closures on Melville Road through Mid-October 2017

Drainage work is underway along Melville Road from Midway Road to Brack Road that requires five (5) consecutive phases of full closures. These closures started at the south end near Brack Road and will move north to Midway Road, and are anticipated to be completed mid-October 2017, weather permitting. The details of each phase are as follows:

- **Phase 1:** Melville Rd. from Brack Rd. north to 5175 Melville Rd. (approx. 800')
- **Phase 2:** Melville Rd. between 5105 and 5101 Melville Rd. (approx. 100')
- **Phase 3:** Melville Rd. between 5101 and 5009 Melville Rd. (approx. 350')
- **Phase 4:** Melville Rd. between 5009 and 5001 Melville Rd. (approx. 370')
- **Phase 5:** Melville Rd. between 5001 Melville Rd. and Midway Rd. (approx. 290')

Motorists should detour via either Brack Road to Oleander Avenue or U.S. 1 to Ulrich Road. Residents and emergency services will have access to all properties along Melville Road at all times.

This drainage work is part of the Midway Road widening project from just west of South 25th Street to just east of U.S. 1. Work on this project includes: reconstructing the existing two-lane Midway Road to a four-lane, divided highway with a raised median; constructing a new signalized intersection at Sunrise Boulevard; constructing a new bridge over the North Fork St. Lucie River; constructing a 6-foot sidewalk on the north side and a 12-foot multi-purpose trail on the south side Midway Road; constructing 4-foot bike lanes on both sides of the roadway; reconstruction of S. 25th Street, Sunrise Boulevard, and Oleander Avenue at their respective Midway Road intersections; drainage improvements, including constructing 6 retention ponds at 5 locations; and signage, signalization, and lighting improvements.

If you have any questions, comments, or concerns during this phase of construction please contact Kathleen Dempsey, Project Community Outreach Specialist, at (772) 359-5118,

kdempsey@corradino.com, or John Spivey, FDOT Project Manager, at (772) 429-4868, John.Spivey@dot.state.fl.us.
