FDOT Treasure Coast Traffic Impact Report

July 1 through July 8, 2016

TREASURE COAST – Construction and maintenance-related lane closures on state highways in Martin, St. Lucie and Indian River counties are expected during the week of July 1 through July 8. Weather permitting, work will be done at the following locations throughout the Treasure Coast. In observance of the Independence Day holiday, lane closures will be suspended Friday evening, July 1 to Tuesday morning, July 5. For updated lane closure information, please refer to www.d4fdot.com. Follow us on Twitter @ MyFDOT_SEFL.

CONSTRUCTION PROJECTS **MARTIN COUNTY**

1. State Road 710 / Warfield Boulevard from east of the Florida East Coast Railway Crossing to east of SW Fox Brown Road

Description: This 10-mile design/build project consists of widening the existing two-lane roadway to add two 1.5-mile passing lane segments, one in each direction. Other improvements include milling and resurfacing of the existing lanes and construction of new shoulders, guardrail installation, and drainage modifications.

Cost/Completion: \$6.92 million. Completion in summer 2016.

Traffic Impact:

- Intermittent lane closures on SR 710 may occur between 7 a.m. Tuesday and 8 p.m. Friday. A flag crew will maintain two-way traffic.

2. Danford Creek Bridge / State Road 714 Repair Project

Description: The Danforth Creek Bridge repair project on State Road 714 is expected to begin **July 18**. Work on this project includes providing slope protection/channel lining to prevent further erosion, repairing the bridge slabs to prevent rotational movements, and repairing the existing sidewalk on the south side of the bridge.

Cost/Completion: \$1.18 million. Completion in early 2017.

Traffic Impact:

- All lanes are open through Friday, July 8.
- **Open House:** A project Open House will be held Thursday, July 14 from 4:30 p.m. until 6:30 p.m. at the Stuart/Martin County Chamber of Commerce, 1650 S. Kanner Highway, Stuart, FL 34994. The Chamber is not sponsoring this event. The project team will be available to answer questions; however, a formal presentation will not be made.

**** See attached flyer**

3. I-95 Interchange at Kanner Highway / State Road 76 (Exit 101)

Description: This 0.745-mile project includes widening Kanner Highway (SR 76) at the I-95 interchange, reconstructing the I-95 entrance and exit ramps, drainage, milling and resurfacing, signing & pavement markings, and signalization. If you need additional information about the project, please contact Bobby Byrd at [\(772\) 221-2300](tel:7722212300) or bobbyb@martin.fl.us.

Cost/Completion: \$5.79 million. Completion in early 2017.

Traffic Impact:

- One lane in each direction of Kanner Highway will be closed intermittently Tuesday through Friday between 9 a.m. and 3 p.m. for widening.

4. NE Causeway Boulevard from Indian River Drive to State Road A1A in Jensen Beach

Traffic Impact:

- Beginning July 5, the sidewalk along the north side of NW Causeway Boulevard will be closed through spring 2017. Pedestrians should use the sidewalk on the south side of the roadway.

ST. LUCIE COUNTY

5. State Road A1A Bridge Rehabilitation over the FPL Discharge Canal in Jensen Beach

Description: This 0.085-mile-long project includes replacing the existing concrete bridge deck and approach slabs, milling and resurfacing the roadway at the approach slabs, concrete spall repairs of the piles and pile caps, and installing a corrosion protection system to the piles and pile caps.

Cost/Completion: \$1.8 million. Completion in fall 2016.

Traffic Impact:

- The speed limit has been reduced from 45 mph to 35 mph at the bridge until fall 2016.
- All lanes are open through Friday, July 8.

6. State Road 70 / Okeechobee Road and Jenkins Road Intersection in Fort Pierce

Description: Work on this .549-mile project includes widening the SR 70 and Jenkins Road intersection to provide additional through lanes and turning lanes, box culvert extension and installation work, drainage improvements, and lighting and signalization upgrades.

Cost/Completion: \$5.46 million. Completion in spring 2017.

Traffic Impact:

- The inside lane in either direction of Okeechobee Road from Jenkins Road to the Walmart entrance will be closed intermittently Tuesday through Friday between 7:30 a.m. and 4 p.m. for median work. Only one lane in each direction will be closed at the same time.
- One lane in either direction of Okeechobee Road from I-95 to Kerr Street may be closed intermittently Tuesday through Friday between 9 p.m. and 6 a.m. and Tuesday through Friday between 9 a.m. and 4 p.m.
- One lane in either direction of Jenkins Road to the north and south of the Okeechobee Road intersection may be closed intermittently Tuesday through Friday between 9 p.m. and 6 a.m. and Tuesday through Friday between 9 a.m. and 4 p.m. A flag crew will maintain two-way traffic.
- The sidewalk on the south side of Okeechobee Road from Jenkins Road east to Roylat Street is closed through summer 2016. Pedestrians may cross at the signalized intersections at Jenkins Road and McNeil Road.

- The sidewalk on the north side of Okeechobee Road from Jenkins Road west to the RaceTrac / Home Depot driveway entrance is closed through summer 2016. Pedestrians may cross at the signalized intersections at Jenkins Road and Peters Road / Crossroads Parkway.

7. Indrio Road from west of I-95 to east of State Road 607 / Emerson Avenue in Fort Pierce

Description: Indrio Road is being widened from west of the I-95 interchange to east of Emerson Avenue (State Road 607). This 2.7-mile project includes: reconstructing the existing two-lane Indrio Road to a four-lane, divided highway with a raised median; constructing a 6-foot sidewalk along the south side and a 12-foot-wide multi-purpose trail along the north side of Indrio Road; realigning Spanish Lakes Boulevard to connect with Koblegard Road; reconstructing Koblegard Road from Indrio Road north approximately .5 mile; and installing new highway lighting, signage and signalization.

Cost/Completion: \$23.9 million. Completion in spring 2019.

Traffic Impact:

- The speed limit on Indrio Road between the I-95 interchange and Emerson Avenue has been reduced from 55 mph to 45 mph. The speed limit will remain at 45 mph after the project completion.
- One lane in each direction of Indrio Road from I-95 to east of Koblegard Road is closed around-the-clock to accommodate roadway construction on the north side of Indrio Road.
- One lane in either direction of Indrio Road will be closed Tuesday through Friday between 7 a.m. and 4:30 p.m. for barrier wall installation. A flag crew will maintain two-way traffic.
- Westbound traffic on Indrio Road from Spanish Lakes Boulevard to east of Koblegard Road is shifted south to an existing eastbound lane. Both eastbound and westbound traffic are reduced to one lane in each direction.
 - As part of the westbound traffic shift, the left turn lane from Spanish Lakes Fairways to Indrio Road is closed and all motorists must turn right onto Indrio Road. Motorists wanting to head east on Indrio Road should go west and make a U-turn at the median opening after the I-95 overpass.

****See attached flyer**

8. I-95 Bridge Deck Replacement Project at Gatlin Boulevard and Midway Road

Description: Work on this project includes removing & replacing the bridge decks on I-95 over Gatlin Boulevard and CR-712/Midway Road, milling and resurfacing approaches to bridge decks, and re-striping approaches to bridge decks.

Cost/Completion: \$8.2 million. Completion in fall 2017.

Traffic Impact:

- The inside lane in each direction of I-95 at the Gatlin Boulevard and Midway Road overpasses is closed around-the-clock through August. Two lanes are open in each direction at the overpasses.
- One eastbound lane of Midway Road at I-95 will be closed Tuesday through Friday between 7 a.m. and 5 p.m. for work on the overhead bridge deck.

9. Okeechobee Road / State Road 70 at the I-95 Interchange in Fort Pierce

Traffic Impact:

- One lane in each direction of Okeechobee Road at the I-95 interchange will be closed Tuesday through Friday between 9 a.m. and 4:30 p.m. to install plastic poles and pavement markings.

INDIAN RIVER COUNTY

10. I-95 (SR 9) from just north of State Road 60 (Osceola Boulevard/Exit 147) at Vero Beach to the Indian River/Brevard County Line

Description: I-95 is being widened from just north of State Road 60 to the Indian River/Brevard County line. Improvements in this 12.5-mile-long project include: adding one lane on I-95 in each direction; milling and resurfacing the existing lanes; signalization and lighting improvements; Intelligent Transportation System (ITS) improvements, including closed-circuit television cameras, Dynamic Message Signs and vehicle detectors; removal/replacement of the existing bridges over CR 512 (Fellsmere Road); construction of a noise barrier wall adjacent to the Encore Sunshine Travel RV Resort; and reconstruction of the interchange at CR 512, including the ramps and turn lanes. The design/build contract started in May 2013. For information on this project, contact the Public Information Office at [\(772\) 834-1298](tel:7728341298) or I95projectinfo@gbfinc.net.

Cost/Completion: \$50.6 million. Completion in late 2016.

Traffic Impact:

- Motorists should be alert for slow moving construction vehicles entering and exiting the travel lanes.
- The speed limit has been reduced to 60 mph in the work zone.
- One lane in either direction of I-95 will be closed intermittently Tuesday through Thursday between 9 p.m. and 6 a.m. for construction.
- Southbound traffic on I-95 is shifted east to temporary lanes along the northbound side of I-95 throughout the project starting south of CR 512 to north of SR 60.
- Northbound traffic on I-95 from north of County Road 512 to the Indian River / Brevard County line is shifted west to temporary lanes along southbound I-95.

**** See attached flyer**

11. US 1 Lateral Ditch Restoration from south of 12th Street SE in Vero Beach to south of Davis Street in Sebastian

Description: Eleven outfall ditches will be improved along U.S. 1 over the span of 18.82 miles. Improvements include clearing obstructions to flow, restoring ditch cross section areas, providing new culvert crossings, and stabilizing & placing sod on side slopes.

Cost/Completion: \$1.44 million. Completion in summer 2016.

Traffic Impact:

- All lanes are open. This project has been completed.

12. State Road A1A south of Bahia Mar Road in Vero Beach

Traffic Impact:

- The southbound lane of A1A will be shifted to the middle turn lane Tuesday through Friday between 9 a.m. and 4 p.m. for utility work.

13. US 1 from Grove Island Circle to Oslo Road in Vero Beach

Traffic Impact:

- One lane in each direction of US 1 will be closed Friday between 9 a.m. and 4 p.m. for paving.
