

FLORIDA DEPARTMENT OF TRANSPORTATION TRAFFIC SHIFT INFORMATION State Road (SR) 5/US 1 Earman River Bridge Replacement Project From the intersection of SR 5/US 1 and Northlake Boulevard to just north of the SR 5/US 1 and Anchorage Drive intersection In the Village of North Palm Beach Palm Beach County, FL Financial Project Identification Numbers: 442891-2-52-01/02

TRAFFIC SHIFT ON NORTHBOUND SR 5/US 1 EARMAN RIVER BRIDGE SCHEDULED FROM APRIL 9, 2025, TO SPRING 2026 Emergency/First Responder access will be maintained and coordinated. Signage will be placed in the area to direct and alert all roadway users.

CONSTRUCTING THE EASTERN PART OF THE NEW BRIDGE

- Starting at 8:00 p.m. on Wednesday, April 9, northbound motorists traveling on SR 5/US 1/Earman River Bridge will be shifted to the to the existing southbound bridge to safely facilitate the construction of the new northbound portion of the bridge.
- Two travel lanes will be open in each direction on the remaining existing portion of the bridge.
- Pedestrian detours and signage will guide pedestrians to the sidewalk located on the southbound side of the bridge. Access to all businesses on the east side of SR 5/US 1 will remain open.

 Construction Cost: \$13.6 million
 Construction Start: February 2025
 Estimated Completion: Summer 2027

 PROJECT IMPROVEMENTS
 Estimated Completion: Summer 2027

- Replacing the SR 5/US 1 bridge over Earman River to improve safety, traffic flow, and long-term resiliency of the structure
- Widening the roadway to add a second right-turn lane from southbound SR 5/US 1 onto westbound Northlake Boulevard to improve infrastructure resilience, traffic flow and safety
- Milling and resurfacing the roadway along SR 5/US 1 within the project limits to enhance safety, ride quality and longevity of the infrastructure
- Adding 4-foot and 5-foot bicycle lanes along SR 5/US 1 within the project limits to improve safety for all roadway users
- Upgrading drainage, signage, lighting, signalization, pedestrian curb ramps, and pavement markings throughout the project limits to enhance infrastructure resilience, traffic flow, transportation efficiency and safety
- Upgrading the Intelligent Transportation System (ITS) to enhance transportation efficiency and safety
- Installing benches and planters throughout the project limits for the Village of North Palm Beach to enhance public spaces
