

FLORIDA DEPARTMENT OF TRANSPORTATION

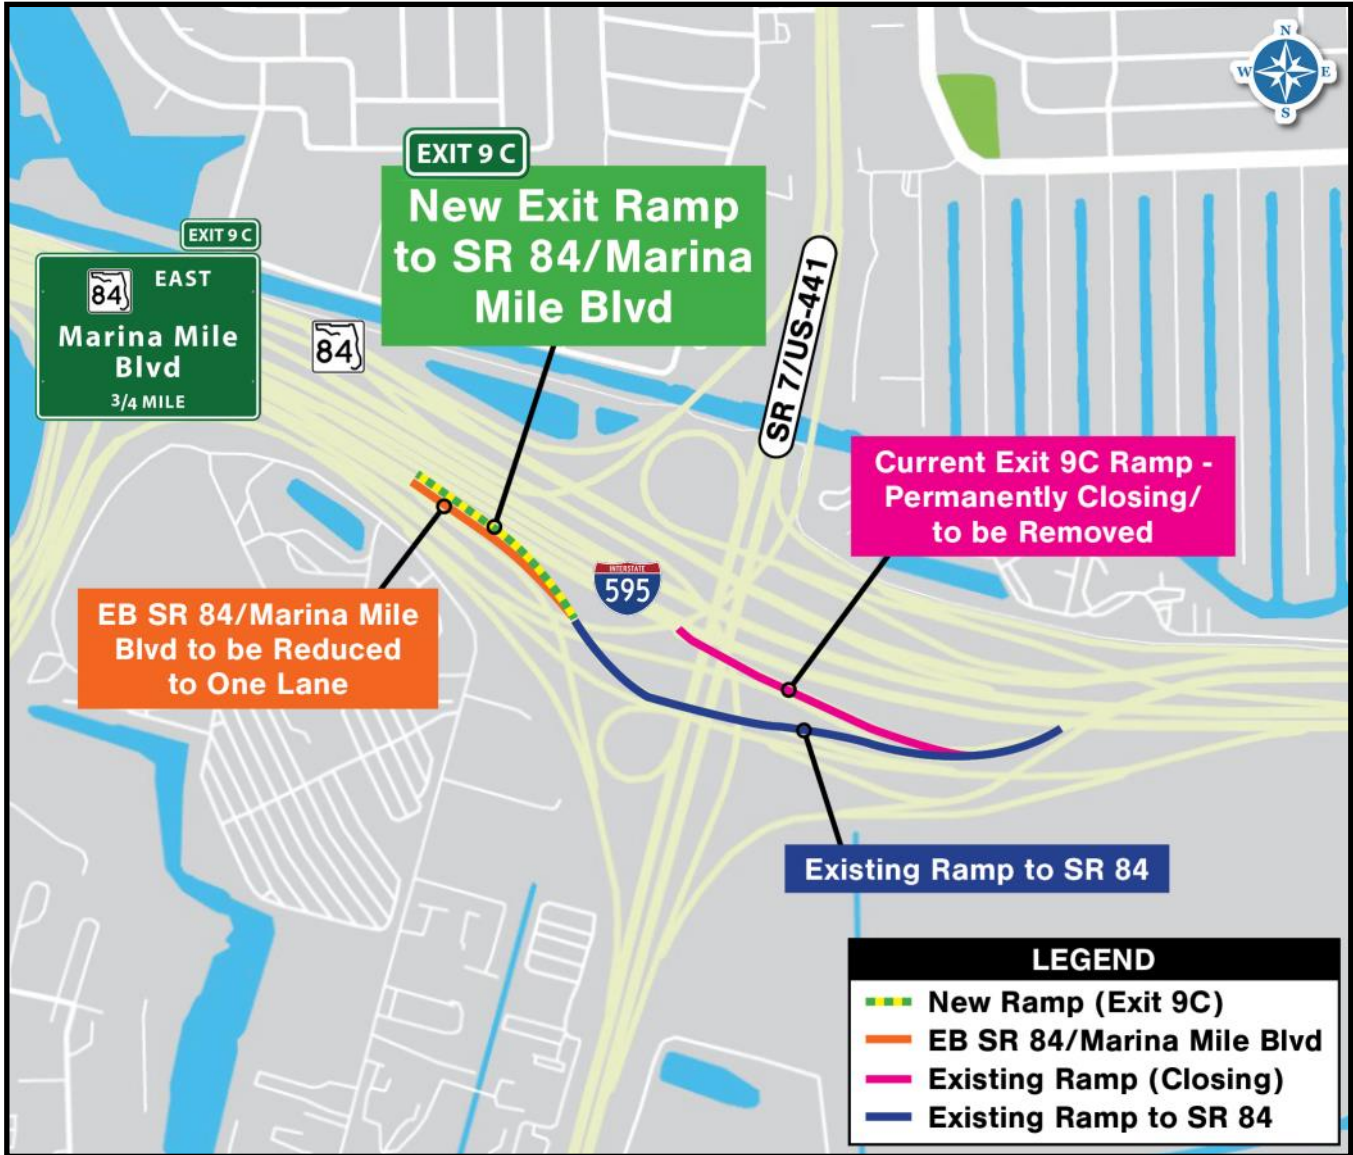

95 Express Lanes Phase 3C Project – New Traffic Pattern for Eastbound SR 862/I-595

State Road (SR) 9/I-95 from south of SR 820/Hollywood Boulevard to south of SR 842/Broward Boulevard and SR 862/I-595 from US 441/SR 7 to SR 9/I-95

Financial Project ID Numbers: 409354-2-52-01 and 432222-1-52-01

New Eastbound SR 862/I-595 Traffic Pattern and Exit Ramp to SR 84/Marina Mile Blvd (Exit 9C) To Begin Aug. 11

- Beginning the week of Aug. 11, a new traffic pattern will be implemented along eastbound SR 862/I-595 as part of ongoing roadway improvements designed to enhance safety and reduce weaving movements along SR 862/I-595.
- Permanent Ramp Closure and Relocation:** Beginning at 11 p.m. on Monday, Aug. 11, the existing eastbound SR 862/I-595 exit ramp to SR 84/Marina Mile Boulevard (Exit 9C) will be permanently closed and removed. The new ramp will be relocated to the west and will open on Tuesday, Aug. 12.
 - New Ramp Opening:** Beginning at 6 a.m. on Tuesday, Aug. 12, the newly constructed eastbound SR 862/I-595 exit ramp to SR 84/Marina Mile Boulevard (Exit 9C) will open approximately 500 feet west of the original exit ramp. This new one-lane exit ramp will serve as the permanent Exit 9C, providing direct access to SR 84/Marina Mile Boulevard.
 - Eastbound SR 862/I-595 Managed Lanes Egress Adjustment:** Beginning at 5 a.m. on Wednesday, Aug. 13, the egress from the eastbound SR 862/I-595 managed lanes will be reduced from two lanes to one, requiring drivers to merge into the general-purpose lanes through a single-lane exit.

These improvements support future corridor enhancements, including a new eastbound SR 862/I-595 entrance ramp from SR 91/Florida’s Turnpike and new direct connector ramps linking SR 862/I-595 to the SR 9/I-95 managed lanes.
