

FLORIDA DEPARTMENT OF TRANSPORTATION

95 Express Lanes Phase 3C—New Traffic Pattern for I-95 Northbound Managed Lanes

State Road (SR) 9/I-95 from south of SR 820/Hollywood Boulevard to south of SR 842/Broward Boulevard and SR 862/I-595 from US 441/SR 7 to SR 9/I-95  
Financial Project ID Numbers: 409354-2-52-01 and 432222-1-52-01

NEW SR 9/I-95 NORTHBOUND MANAGED LANE TRAFFIC PATTERN:

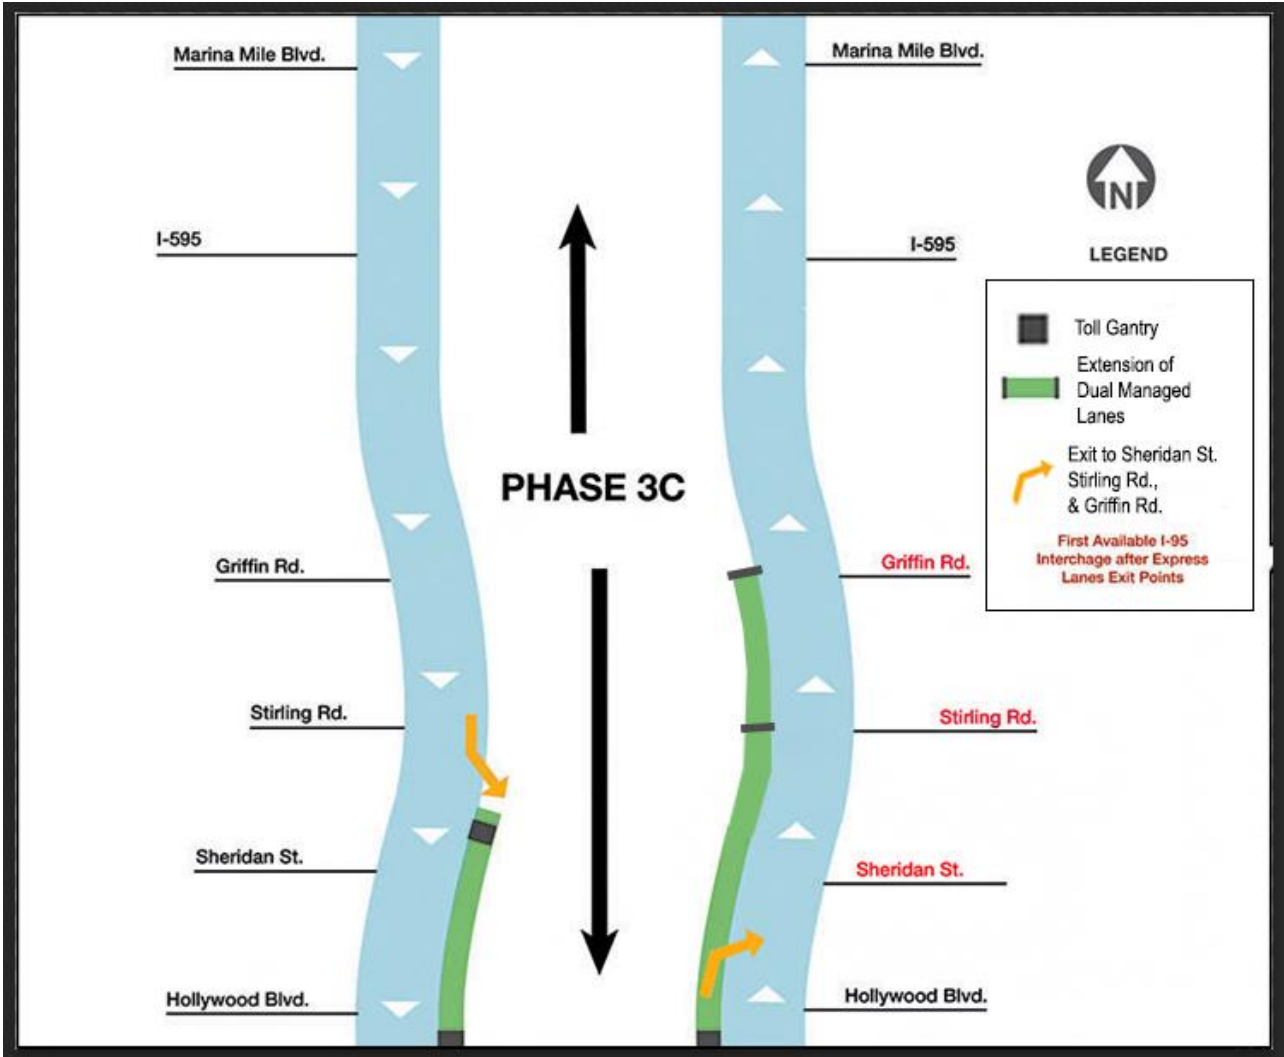

The SR 9/I-95 northbound managed lanes, which currently end at SR 848/Stirling Road, will be extended approximately 550 feet to just north of SR 818/Griffin Road by Tuesday morning, July 15. This extension enhances lane continuity and safety. Motorists must exit the managed lanes north of SR 820/Hollywood Boulevard to access SR 822/Sheridan Street, SR 848/Stirling Road, or SR 818/Griffin Road. Overhead signage has been updated to reflect the new exit pattern: **Local Exits 21–29 & Sheridan St thru Griffin Rd.**

- To safely accommodate the extension, northbound SR 9/I-95 will have three inside lanes closed from 9 p.m. to 5:30 a.m. on Sunday night, July 13 and Monday night, July 14, between the SR 820/Hollywood Boulevard managed lanes exit ramp and just north of SR 818/Griffin Road.
- The northbound SR 9/I-95 managed lanes entrance at SR 858/Hallandale Beach Boulevard will also be closed from 9:30 p.m. to 5:30 a.m. on Sunday night, July 13, and Monday night, July 14. Traffic within the SR 9/I-95 northbound managed lanes will exit at the SR 820/Hollywood Boulevard slip ramp and merge onto the general-purpose lanes.

Tuesday night, July 15, will be reserved as a contingency night if needed.

The **Florida Highway Patrol (FHP)** will be on site to assist with traffic control, and detour signage will be in place to guide motorists safely through the area.
