

FLORIDA DEPARTMENT OF TRANSPORTATION I-595 Resurfacing Project Closure Notice

I-595 CORRIDOR RESURFACING PROJECT | PHASE I

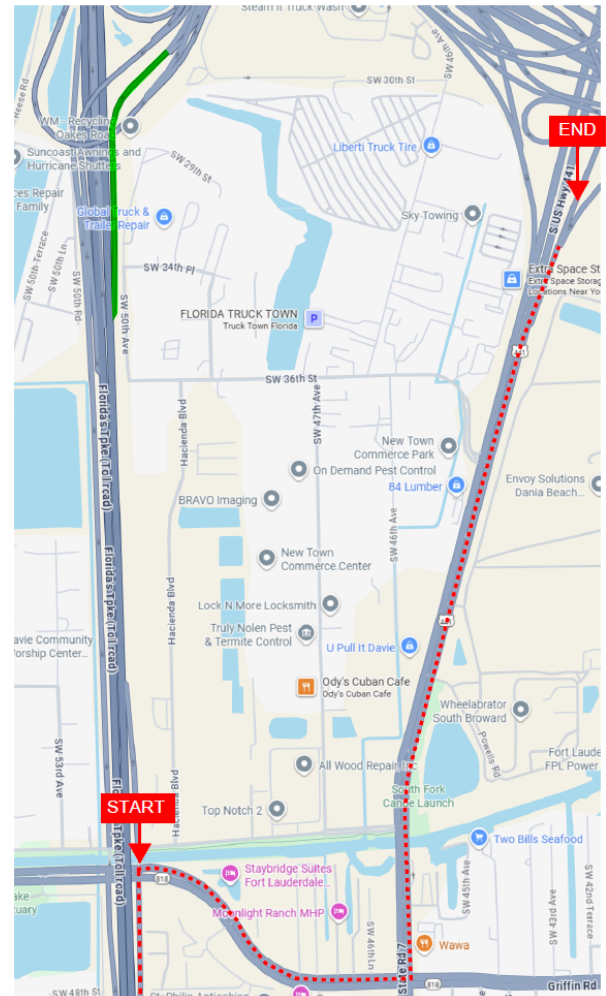

I-595 and State Road 84 from I-75 to I-95, including Florida's Turnpike interchange areas
Financial Project ID: 420809-3-52-01

— WORK ZONE
- - - - - DETOUR ROUTE

FULL RAMP CLOSURE ON NORTHBOUND TURNPIKE EXIT TO 595/STATE ROAD 84/US-441 (EXIT 54) IS TO BE CLOSED ON SELECT NIGHTS FROM 9:00PM TO 5:00AM BEGINNING SUNDAY, JANUARY 25, 2026, THROUGH WEDNESDAY, JANUARY 28, 2026—

This closure is necessary to safely perform milling and resurfacing operations. Please note that on Tuesday night, January 27, 2026, work will begin later, with the closure starting at 11:30pm instead of 9:00pm. A detour will allow drivers to continue Northbound Turnpike and follow signs via Griffin Road and US-441—drivers will head north and merge on I-595 and State Road 84 where they will have access to all the same route. Ongoing milling and resurfacing activities may be impacted by weather conditions. Please use caution in the area and follow all posted detour signs.

In addition to ongoing maintenance activities, the I-595 Resurfacing Project began on Sunday, June 22, 2025. This project includes repaving the I-595 corridor—encompassing the Express Lanes, general-purpose lanes, and State Road 84—to improve the durability and resilience of the roadway. It also involves upgrading signage and pavement markings to meet current standards and enhancing the pavement surface for a smoother, safer driving experience. All work is being performed during nighttime hours to minimize impacts on daytime traffic. Updates on lane closures and project progress will continue to be shared as work advances.
