SOUTHBOUND SR-5/US-1 AND EASTBOUND LAS OLAS BOULEVARD TO BE DIVERTED THROUGH LATE 2022

As part of the Henry E. Kinney Tunnel Improvements and Pedestrian Plaza project, southbound SR-5/US-1—within the tunnel—and eastbound Las Olas Boulevard will be diverted through late 2022 for pedestrian top plaza construction operations. To ensure motorist and crew safety during this phase of construction, southbound SR-5/US-1 traffic will be diverted to the northbound SR-5/US-1 tunnel chamber, and eastbound Las Olas Boulevard traffic will be diverted to westbound Las Olas Boulevard. One lane in each direction will be maintained at all times for each diversion; signage will be in place to assist motorists.

This project will rehabilitate the structural, mechanical, electrical, architectural, and safety components of the Henry E. Kinney Tunnel; mill and resurface SR-5/ US-1 from Rio Vista Boulevard to south of the Tunnel; install Intelligent Transportation Systems (ITS) along SR-5/ US-1; extend the tunnel top to accommodate a pedestrian plaza which will include new fountains, seating facilities, re-designed brick pavers, artificial turf and landscape installation, and reconstruct the intersection of Las Olas Boulevard at SE 6th Avenue.
