

FLORIDA DEPARTMENT OF TRANSPORTATION

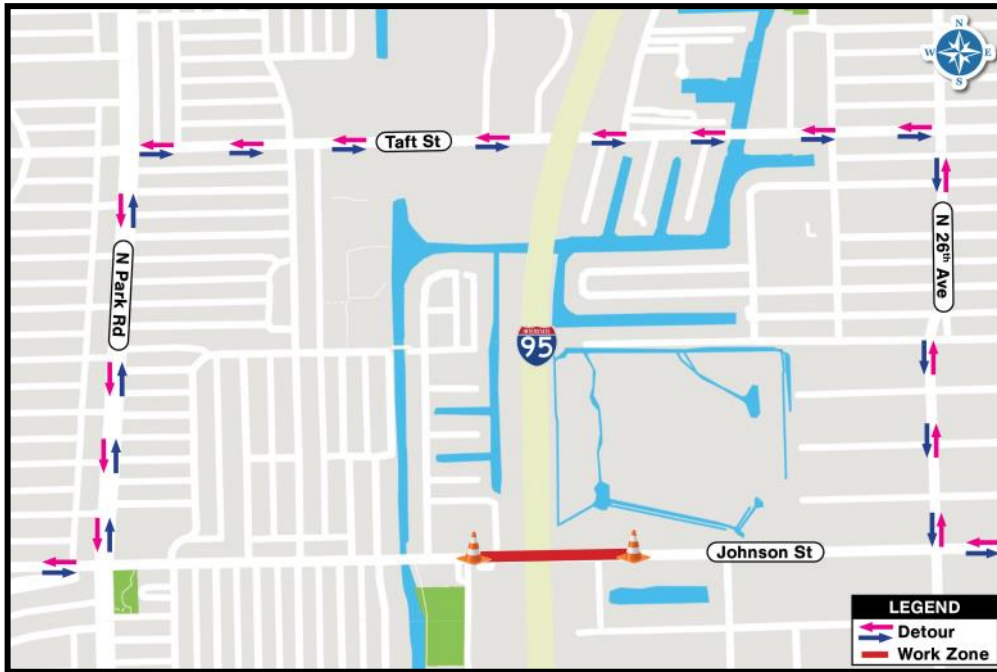

95 Express Lanes Phase 3C

I-95 from south of Hollywood Boulevard to south of Broward Boulevard and I-595 from SR 7 to I-95

Financial Project ID Numbers: 409354-2-52-01 and 432222-1-52-01

JOHNSON STREET AT I-95 TO CLOSE NIGHTLY THROUGH LATE 2023

As part of 95 Express Phase 3C, Johnson Street at I-95 will be closed in each direction nightly, as needed, 10 p.m. until 6 a.m., through late 2023 for traffic shift and bridge widening operations. Once the closure is implemented, Motorists will be detoured via North Park Road, Taft Street, and North 26th Avenue. Signage will be in place to assist motorists.

This project will extend the existing Express Lanes North from just south of Hollywood Boulevard to just south of Broward Boulevard in Broward County. One lane will be added and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction. The number of General Use lanes will remain the same. Other project improvements include construction of I-95/I-595 Direct Connectors between 95 Express Lanes and I-595, as well as reconstruction, milling, resurfacing, and widening of I-595 from SR 7 to I-95 and along I-95 from south of Hollywood Boulevard to south of Broward Boulevard. Additional work includes bridge widening along I-95 at several locations, painting of 17 bridges within project limits, I-95/SR 84 interchange modifications, Integrated Intelligent Transportation System (ITS) Installation, including traffic monitoring devices, detectors, and dynamic message signs to optimize traffic operations, tolling/gantry construction, ramp signalization implementation at the interchanges, lighting, signage, and drainage installation and construction of shoulder-mounted sound walls and retaining walls.
