## SR 817/University Drive in Miramar Mobility Improvements Project

The Florida Department of Transportation (FDOT), District Four, is pleased to provide information regarding the mobility improvements along SR 817/University Drive in the City of Miramar.

The City of Miramar, as the Project Sponsor, received funding through the Broward Metropolitan Planning Organization (MPO) and requested that FDOT District Four design and construct the SR 817/University Drive in Miramar Mobility Improvements Project through the City of Miramar's Resolution No. 19-131. The Broward MPO is investing over \$300 million to create safer, healthier communities in Broward County and this project is one of many within a larger plan to create enhanced bicycle, pedestrian, and public transportation access. The Broward MPO is a federally-mandated agency responsible for setting policy on local transportation issues and decides how to spend federal and state funding on transportation projects in the Broward region. For more Broward MPO information, please visit: [BrowardMPO.org](http://BrowardMPO.org).
