

FLORIDA DEPARTMENT OF TRANSPORTATION - DISTRICT FOUR

CONSTRUCTION PROJECT NOTICE: GLADES ROAD WORK TO BEGIN

95 EXPRESS LANES PHASE 3B-2 PROJECT

I-95 from south of Glades Road to Linton Boulevard and SR 808/Glades Road from NW 22nd Way to West University Drive, Palm Beach County, Florida
Financial Project ID Numbers: 433109-5-52-01, 02 & 412420-4-52-01

DAYTIME PILE DRIVING AT GLADES ROAD & MILITARY TRAIL ONGOING THROUGH SPRING

As part of [95 Express Phase 3B-2](#), the Glades Road bridge over Military Trail is being widened. During this construction operation, pile driving will occur. This activity, pictured below, can create noise. Permitted pile driving times are 7 a.m. until 6 p.m., Monday through Friday, and 8 a.m. until 7 p.m. on Saturdays. Pile driving will not be performed on Sundays or holidays. Traffic on Military Trail is shifted to ensure motorist and crew safety during this operation, with two northbound lanes and one southbound lane currently closed.

Pile driving operations at this location are divided into two phases. Pile driving for the first phase will be intermittent, as needed, through April 2022. The second phase of pile driving is anticipated to begin in late May/early June 2022—updates will be sent in advance of that operation. Bridge widening completion at this location is anticipated in fall 2022, at which time the original traffic pattern will also be restored. Overall project completion is expected in late 2023.

The **95 Express Lanes Phase 3B-2 project** will extend the existing Express Lanes north from just south of Glades Road to south of Linton Boulevard in Palm Beach County. One lane will be added and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction; the number of General Use lanes will remain the same. Access to the Express Lanes will be provided via two designated ingress and egress locations — between Glades Road and Spanish River Boulevard and between Yamato Road and Linton Boulevard. The scope of work includes reconfiguration of the SR 808/Glades Road Interchange to a Diverging Diamond Interchange (DDI).
