

FLORIDA DEPARTMENT OF TRANSPORTATION - DISTRICT FOUR

CONSTRUCTION PROJECT NOTICE: GLADES ROAD TRAFFIC SHIFT

95 EXPRESS LANES PHASE 3B-2 PROJECT

I-95 from south of Glades Road to Linton Boulevard and SR 808/Glades Road from NW 22nd Way to West University Drive, Palm Beach County, Florida
Financial Project ID Numbers: 433109-5-52-01, 02 & 412420-4-52-01

NEW TRAFFIC PATTERN ON GLADES ROAD AT I-95

As part of 95 Express Phase 3B-2, construction on Glades Road at the I-95 interchange began on March 3, 2021. Westbound Glades Road traffic, between NW 22nd Way and West University Drive, is shifted inside towards the median to allow for outside widening.

Single-lane daytime closures are permitted Monday through Friday during the off-peak hours of 9:30 a.m. until 4 p.m. and on Saturday and Sunday between the hours of 6 a.m. and 9 p.m. Single-lane nighttime closures are permitted 9 p.m. until 6 a.m. and two-lane closures are permitted to begin at 10 p.m. Construction on the Glades Road Diverging Diamond Interchange as part of 95 Express Phase 3B-2 is anticipated to be completed in Summer 2023 with overall project completion expected in late 2023.

The 95 Express Lanes Phase 3B-2 project will extend the existing Express Lanes north from just south of Glades Road to south of Linton Boulevard in Palm Beach County. One lane will be added and the High Occupancy Vehicle (HOV) lane will be converted to create two Express Lanes in each direction; the number of General Use lanes will remain the same. Access to the Express Lanes will be provided via two designated ingress and egress locations — between Glades Road and Spanish River Boulevard and between Yamato Road and Linton Boulevard. The scope of work includes reconfiguration of the SR 808/Glades Road Interchange to a Diverging Diamond Interchange (DDI).
