SAFETY MESSAGE

March is Florida Bicycle Month

Did you know that 60% of Florida's population lives within one mile of bicycle facilities? Everyone has the expectation, and right, to arrive at their destination safely no matter what mode of transportation they use.

- When driving, stay alert and watch for pedestrians and bicyclists especially at night.
- When riding at night, always use a headlight, taillight, and reflectors. Wearing light-colored or reflective clothing can also make you more visible during dark or dusk hours.

See attached bike signs and signals brochure and visit <https://www.fdot.gov/agencyresources/bicyclesafety> for more information.
